Dear Parents,

We are in the process of organizing this year's beginning band class. This has been a thorough process to determine which students are best suited for our program and which instrument is best suited for your child to play.

To assist us in starting the new program, we have enlisted the aid of Pecknel Music Company of Columbia, SC. We will have a **parent meeting on Wednesday August, 10th, in the band room between 3:00 and 6:00 pm.** Representatives will be on hand at the meeting to discuss their various rental / purchase options with you. A display of instruments will be featured along with necessary books and available accessories.

Below is a list of instruments and what your child will need for each. ***This list shows estimated pricing and can be subject to change due to inflation.*** The items listed are the things your child needs for band. A music stand is optional and for "at home practice" only. Instrument rentals are subject to credit approval. Please come prepared to make a deposit on the first month's rent.
